

Cyber Security Awareness Program

(A Step towards Society Awareness)

Organized by

Department of Computer Science,

DBF Dayanand College of Arts and Science, Solapur

After the Covid pandemic situation the online transactions has been increased rapidly and even common people are now using net banking in their day today life. This has helped a lot in making the transactions easily. But at the same time there are some threats in using net banking and other online facilities. It is observed that common people are becoming the victims of various types of online frauds. So it is necessary to make the people aware about various types of cyber frauds to keep their money safe. Looking to this fact, the Department of Computer Science decided to increase awareness about **Cyber Security** among the common people. For this, about 40 student volunteers from Department of Computer Science were selected. A workshop (**Volunteer Training Program**) was arranged on Monday, 28/02/2022 to train these volunteers. Mr. D. D. Misal, Mr. Somshekhar Aland, and Mr. A. S. Kale (Assistant Professor, Department of Computer Science) were the Resource Persons for this training program. These volunteers were then reached the society and interacted with people to make them aware about the possible online frauds and what care should be taken to avoid the frauds. About 150 people from different parts of the city and nearby were benefitted by this awareness program. This is a small step of the department to reach the society and to increase awareness about Cyber Security among them. All faculty members of Computer Science Department took sincere efforts in conducting this activity smoothly.
