Decision-making and active participation are based on information, skills, values, and practices, which have to be provided to the entire voter population.</p> <p>Voter information, awareness, and education campaigns provide voters with the knowledge, skills, and values to do this.</p>
Objectives of the activity	<ul style="list-style-type: none">• In a democracy, it is not simply enough to inform voters about election dates.

	<ul style="list-style-type: none"> To help the electorates take an informed decision, it is quintessential to sensitize them about the importance of participating in the electoral process. Moreover, voters need to be educated about the process and made aware of the political parties, their manifestos, backgrounds of the contesting candidates and armed with several other information to help them cast an 'enlightened' vote.
Methodology	<ol style="list-style-type: none"> Conducted Virtual Demonstrations on New Voter Registration. Organized New Voter Registration Campaign
